

Global Employment Outsourcing

Nine out of 10 corporate audits in Germany result in fines or additional taxes-- as much as 5,000,000€ for a single oversight!

WE ELIMINATE THE RISKS FOR YOU!

CAPABILITY STATEMENT

French Consulting GmbH is a veteran-owned, small business (VOSB) in the Management Consulting industry located in Sinsheim, Germany. We proudly serve military communities internationally, to include the United States, Germany, Belgium, Italy, and South Korea. French Consulting's dedication and commitment to support our troops, their families, and the U.S. Government has led us to excel as a company and to exceed our contractual obligations for more than 12 years. The physical location of our headquarters is a key factor driving the success of all OCONUS-based projects. Our local presence allows us to quickly respond and attend to our customer's needs and requests.

YOUR GEO PARTNER IN EUROPE

French Consulting has over a decade of experience in hiring U.S. Ordinary Residents and Local Nationals who have, or are eligible for, work permits in Italy and Germany to perform work on federal contracts. We understand the highly complex and stringent foreign labour and tax laws in both countries and have the ability to hire personnel for our partners. Our GEO Services capabilities ensure our clients can hire the best candidate, regardless of TESA/DOCPER/ECOPS/SOFA eligibility, to meet mission goals.

Our GEO services help clients successfully navigate complicated Host Nation Tax Regulations, Labor Law, and EU Data-Privacy compliance. Understanding the impact and frequency of audits in the Host Nation environment is an important part of our risk management and abatement strategy. We've established long-term relationships with the appropriate German and Italian auditing offices and have a bilingual team of Host Nation CPAs, Tax Advisors, and Attorneys on retainer. As your GEO Partner, French Consulting ensures your requirements are met and all local tax and labor law are followed implicitly.

OUR SERVICES INCLUDE:

- Compliance with Foreign Labour Regs.
- Administration of Employee Benefits
- Withholding & Taxation
- Payroll Servicing
- Risk Management & Worksite Safety
- Insurance & Workers Comp. Coverage
- Regulatory Compliance
- Auditory Compliance
- Employment & Termination Compliance
- EU Data-Privacy Compliance

French Consulting's success is centered around our 'bridge ideology,' connecting military communities to the host nation and the U.S. Government. Our pledge is to engage in all projects and to work proactively to identify, reduce, and eliminate risks. Our local presence allows us to physically arrive at any of our European locations within a 24-hour timeframe, which differentiates us from our competitors.

We strive to combine our competencies, military/contracting experience, dedication, and our overall business approach to serve military organizations worldwide and be 'Your Bridge to Success!'
